2018 Retirement Health Benefits Planning Book
A Message from DOA Director John Lewis

Dear State of Montana Benefit Plan (State Plan) Member,

Every year health care costs around the country rise at an alarming rate. The State Plan is not immune to these rising costs. The Health Care & Benefits Division (HCBD) works hard to control expenses incurred by our self-funded benefit plan. HCBD partners with vendors to look at new ways to control medical costs on high dollar claims and pilot new programs designed to benefit members and the State Plan.

The following tips can save you money and help curb State Plan costs. Reducing the costs incurred by the State Plan helps control the contributions required of you and the State of Montana (employer contribution - which is funded by the taxpayers.)

- If you are not Medicare eligible and you live near a Montana Health Center, make one of their providers your primary care physician.
- Use participating providers when accessing medical services.
- Use in-network providers when accessing dental and vision services.
- If you take a medication regularly, consider switching to a 90-day supply through an in-network retail pharmacy or begin filling at a mail-order pharmacy.
- Live Life Well by participating in wellness programs and challenges offered by the State Plan.
- If you are retired, or plan to do so soon, consider alternative coverage options like the Health Insurance Marketplace (under 65) or Medicare supplement options (over 65). These options may result in cost savings to you.

Finally, be sure to pay close attention to communications from HCBD. HCBD sends important information throughout the year via email and paper mail that you don’t want to miss.

Yours in good health,

General Information for Retiring

Eligibility for State Plan Coverage in Retirement
You may continue coverage with the State of Montana Benefit Plan (State Plan) if you are eligible, at the time you leave active State employment, to receive a monthly retirement benefit under the applicable provisions of your retirement system. You may continue coverage with the State Plan if you are on a defined contribution retirement plan, whether or not you draw a monthly benefit, elect the lump sum distribution, or postpone withdrawal of your benefit.

Judge Eligibility for State Plan Coverage in Retirement
A member of the judges’ retirement system who leaves judicial office but continues to be an inactive vested member of the judges’ retirement system may continue coverage under the Plan if the judge notifies the Plan in writing within ninety (90) days of the end of the judge’s judicial service. The judge may only remain covered by the State Plan until eligible for Medicare or another group health plan.

How to Continue Coverage on the State Plan
Complete the necessary forms and return them with payment to HCBD, PO Box 200130, Helena MT 59620-0130 within 60 days of the date your active service ends.

- Retiree Election Form - Complete this form by circling the coverage you wish to continue, the dependents you wish to cover, and your preferred method of payment.

- Standard Life Insurance Beneficiary/Designation Change Form - Non-Medicare eligible Retirees under 65 are required to continue the $14,000 Basic Life Insurance Coverage until age 65 or Medicare eligible. If you are under 65 and not Medicare eligible, the Beneficiary Designation Change Form allows you to update your beneficiaries.

- Electronic Benefits Payment Deduction Authorization Form - Complete this form if you would like to have your monthly payments withheld electronically from your checking or savings account (occurs on the 6th of every month).
- **MPERA Form** - Complete this form if you would like to have your monthly contributions withheld electronically from your MPERA retirement benefit.

- Your Retiree coverage will begin retroactive to the day your employee coverage ended, as soon as the required forms and payment are received.

- **If you do not complete and return the required forms and submit payment within 60 days of the date your active service ends, your State Plan coverage will be terminated and will not be able to be reinstated.**

**How to Transfer Coverage to Spouse/Domestic Partner**

- A Retiree may choose to become a dependent of an employed or retired spouse/domestic partner on the State Plan while still keeping their right to return to State Plan coverage under his or her own name at a later date.

- A Retiree who transfers to another State Plan member’s coverage does not have to begin a new deductible for the remainder of the Plan Year.

- If you transfer to your spouse/domestic partner’s coverage, and your spouse/domestic partner is an active employee, you may be able to transfer some or all of your Optional Life Insurance.

- If you transfer to your retired spouse/domestic partner’s coverage, you lose all life insurance coverage.

- If your Retiree coverage is reinstated due to termination of your spouse/domestic partner’s employment, death, or divorce, and you are not Medicare eligible, Basic Life coverage is reinstated.

Contact the Health Care & Benefits Division if any of the above scenarios apply to you at (800) 287-8266, (406) 444-7462; TTY (406) 444-1421.

*If you currently have dependents who are covered under your Dental Plan, but not your Medical Plan, you can only add them to your Medical Plan during a Special Enrollment Period or the annual Open Enrollment Period.

Dependent Eligibility Upon a Retiree’s Death

When a Retiree passes away the covered surviving spouse/domestic partner and/or child(ren) may only remain covered by the State Plan (as a Survivor) until the spouse or child is eligible for Medicare or another group health plan.
Life Insurance in Retirement

Non-Medicare Retirees (Under 65)
Basic Life is required if you stay on the State Plan. However, you are no longer eligible for any of the optional life insurance benefits.

Retirees (Over 65)
If you are over 65 and/or Medicare eligible when you retire or become Medicare eligible after retirement, you are no longer eligible for ANY group life insurance.

Portability and Conversion Information
As you plan for retirement, we strongly recommend you contact The Standard Life Insurance Company at (800) 378-4668 to discuss the portability and conversion options for your current life insurance coverage.

When you lose eligibility for group life insurance coverage you are eligible to port or convert your life insurance coverage to an individual policy with the Standard Life Insurance Company by making application to the Standard. The deadline to apply and pay premium for portability is 31 days after employment terminates. For conversion, the deadline to apply and pay premium is 31 days after coverage was reduced or ended. Please note the termination date for employment may differ from the termination date for coverage.

Portability allows you to “port” (or buy) Group Life Insurance coverage when you lose coverage because your employment is being voluntarily or involuntarily terminated. The portable group insurance coverage offers group term Life, Accidental Death and Dismemberment (AD&D), as well as Dependents Life Insurance.

Conversion allows you to convert some or all of your Group Life coverage to an individual whole Life insurance policy when your coverage is reduced or terminated for any reason other than non-payment of premiums.

To port or convert your life insurance coverage, contact the Standard Life Insurance Company at (800) 378-4668.

For complete details about the State Plan, refer to the Wrap Plan Document (WPD) available on the website www.benefits.mt.gov.
Disability Waiver of Life Insurance Payments
If you are retiring prior to age 60, and are permanently and totally disabled, you may qualify for waiver of life insurance payments through The Standard. Contact The Standard at (800) 378-4668 for more information.

Long Term Disability Coverage
If enrolled in long term disability, your coverage ends the date you retire.

Medical Flexible Spending Account (FSA)
Your account terminates the end of the month in which contributions have been collected. You have 120-days after the date your account terminates to submit receipts for eligible expenses incurred during the time your account was active. However, you have two options for your medical FSA if you wish to continue accessing your FSA funds for dates of service past your retirement:
• You can pre-pay the remainder of your annual FSA election with your final paycheck on a pre-tax basis. Your FSA funds will continue to be available until the end of the Plan Year in which you retire. (Discuss this option with your agency payroll prior to receiving your final paycheck.)

OR
• If you do not pay the remainder of your annual FSA election from your final paycheck you may be eligible to elect COBRA Continuation Coverage due to the termination of employment. Contact Allegiance at (800) 259-2738 for more information.

Dependent Care Flexible Spending Account (FSA)
Dependent care FSAs will terminate at the end of the month in which you retire and are not eligible to be pre-paid. You have 120-days from the end of the Plan Year to submit receipts for eligible expenses incurred during the Plan Year.

Contact Allegiance Benefit Plan Management at (866) 339-4310 or visit their website www.askallegiance.com to see your account balances, elections, and types of eligible expenses.
You will need to mark your method of payment on the Retiree Election Form. If you do not check an option, we will assume you are self-paying monthly via check. You must return the Retiree Election Form and your first months payment within 60 days of the date your active service ends to HCBD. Your Retiree coverage will be re-instated retroactive to when your employee coverage ended once your forms and payment are received.

#1 - Prepayment from Your Final Pay Check
You may prepay benefit contributions from your final paycheck for any months remaining in the current Plan Year. This option is only available if your final paycheck has not yet been issued. To pre-pay, you must complete and return a Retiree Prepayment Option Form (available from your agency payroll), along with all applicable forms listed on pages 4-5, to your agency payroll before your final pay period ends.

#2 - Electronic Deduction of Benefit Contributions from a Checking or Savings Account
Benefit contributions are deducted from your designated account on the 6th of each month or the following working day if the 6th falls on a weekend or holiday.

#3 - Automatic Deduction from MPERA Benefit
Contact HCBD to find out when your first payment can be deducted from your MPERA retirement benefit. You must self-pay benefit contributions to HCBD for any months prior to the date MPERA deductions begin. This option normally takes 60 days to begin.

#4 - Monthly Self-Payment to HCBD via Check
Benefit contributions are due on the first of each month with a 10-day grace period. You will not receive a monthly bill, but HCBD will provide you with a payment coupon book annually.

VEBA
If you will have a VEBA account, you can select any of the options above. With VEBA, you will pay the State Plan for your benefits and VEBA will reimburse you.

For complete details about the State Plan, refer to the Wrap Plan Document (WPD) available on the website www.benefits.mt.gov.
It is very important for Retirees and their spouse/domestic partner and/or dependents covered by the State Plan to enroll in Medicare Parts A and B when they become eligible. When you become eligible for Medicare Parts A and B, the State Plan will coordinate your State Plan benefits with the benefits you are eligible for with Medicare. If you do not enroll in Medicare Parts A and B, the State Plan will pay claims as if you were enrolled, which will result in larger out-of-pocket costs for you.

**Medicare Retiree Rate**
Your monthly premium contribution amount (see rates on page 17) will automatically be reduced to the Medicare Retiree Rate the first of the month following the date you or your spouse/domestic partner turn 65 and become Medicare eligible.

**Medicare Part A and B Enrollment Upon Retirement**
If you or your spouse/domestic partner are a) over age 65, b) waived Medicare Parts A and/or B at the time you turned 65 because you were an active employee, and c) plan to elect Medicare Parts A and B now due to retirement, you must act promptly to avoid penalties by Medicare for late enrollment. Contact HCBD for a letter verifying your State Plan coverage for Medicare purposes.

**Medicare Part D Coverage**
If you enroll as a State Plan Retiree, you and your spouse/domestic partner and/or dependent’s Medicare Part D prescription drug coverage will be provided by the State Plan. If you are enrolled on State Plan coverage, you may NOT purchase Medicare Part D coverage with any other provider. If you enroll in other Medicare Part D coverage, all of your State Plan coverage (medical, prescription, vision, dental, and life) will be terminated.

Alternative Coverage - Things to Consider

Many retirees have had State Plan coverage for years and aren’t aware of other available options. Much has changed in the health insurance market in the last few years including the cost, benefits, and availability of private and marketplace plans. Please take the time to educate yourself and find the best insurance option for you and your family.

Please note: If you elect to terminate State Plan coverage for any reason, you will not be eligible to return to the State Plan in the future. Once you terminate coverage, you are no longer eligible for the State Plan.

Here are a few things to consider choosing coverage.

• Premiums: Coverage sold through the Health Insurance Marketplace (under 65) or Medicare Supplements (over 65) may be less expensive than State Plan coverage.
• Preexisting conditions: Non-Medicare (under 65) Retirees CANNOT be denied coverage or charged more for coverage because of preexisting conditions for plans on the Health Insurance Marketplace.
• Providers: If you’re currently getting care or treatment for a condition, a change in your health insurance may affect your access to a particular health care provider. You should see if your current health care providers will accept any new insurance coverage you consider.
• Service Areas: Some plans do not have extensive out of state healthcare provider access. You should check out of state provider access if you travel for extended periods of time. If you move permanently to another area of the country, you will need to inform your insurer immediately and you may need to change your health plan or Medicare supplement coverage. Some health plans available in the Health Insurance Marketplace have narrower provider access, but those plans are often cheaper.

For complete details about the State Plan, refer to the Wrap Plan Document (WPD) available on the website www.benefits.mt.gov.
Drug Formularies: If you’re currently taking medication, a change in your health insurance may affect the cost of your medication – and in some cases, your medication may not be covered by another insurance plan. Make sure you check if your current medications are listed in the drug formularies for other health insurance coverage.

Other Cost-Sharing: In addition to premiums or contributions for health insurance coverage, be sure to consider copays, deductibles, coinsurance, and other cost sharing amounts when comparing insurance options. Cost sharing can vary significantly among different plans, so you should shop carefully for a plan that fits your health and financial needs. For example, one option may have much lower monthly premiums, but much higher deductible, coinsurance and maximum out of pocket.

Out-of-network: Healthcare services from out-of-network providers may have high cost-sharing. Be aware of how going out-of-network or using non-participating providers or facilities could effect you.
Alternative Coverage Options Under 65

Under 65

If you are not eligible for Medicare, you may be able to get coverage through the Health Insurance Marketplace that costs less than State of Montana Retiree coverage.

Health Insurance Marketplace
The Marketplace offers “one-stop shopping” to find and compare most private health insurance options.
You can access the Montana Marketplace at www.healthcare.gov.

- You might be eligible for a tax credit that lowers your monthly premiums and offers cost-sharing reductions.
- You can see what your premium, deductibles, and out-of-pocket costs will be before you make a decision to enroll.
- You can learn if you qualify for free or low-cost coverage from Medicaid.

Eligibility
Being offered State Plan Retiree coverage won’t limit your eligibility for coverage or for a possible tax credit through the Health Insurance Marketplace. However, you must dis-enroll from the State Plan before you begin to receive premium tax credits.
You should consult with an insurance professional (see next page) about this process.

For complete details about the State Plan, refer to the Wrap Plan Document (WPD) available on the website www.benefits.mt.gov.

Over 65

If you are over 65 and/or eligible for Medicare, you do not qualify for a plan on the Health Insurance Marketplace, but you might want to consider Medicare Supplemental Insurance or Medicare Advantage Plans.

What if I sign up for the State Plan in retirement, but later decide to enroll in a different plan?
If you would like to leave the State Plan, you must contact HCBD prior to the 1st of the month in which you would like your coverage to end.
Phone: (800) 287-8266
Email: benefitsquestions@mt.gov
Address: Health Care & Benefits Division (HCBD)
    PO Box 200130
    Helena, MT 59620-0130

What if I leave the State Plan but later want to come back?
Retirees who leave the State Plan after January 1, 2017, will not have an opportunity to re-enroll at a later date. Once a Retiree terminates State Plan coverage, they are no longer eligible for State Plan coverage.

What if I’m in a VEBA?
The Affordable Care Act (ACA) regulations state participation in a VEBA may potentially disqualify participants from becoming eligible for a premium tax credit to purchase qualified health insurance from the Health Insurance Marketplace. If you are a State of Montana VEBA participant, please contact the State of Montana’s VEBA administrator, Rehn & Associates, at (800) 872-8979 to inquire about your options.

**Prescription Max Out-of-Pocket**

Separate from Medical Max Out-of-Pocket (see Medical Plan Cost Sharing on pages 20 and 21).
- $1,800/individual
- $3,600/family

Maximum Out-of-Pocket will be based upon a Plan Year, which is January 1st through December 31st.
Pharmacy Options

SAVE BIG with a 90-Day Supply of Your Medication

You can get a three month (90-day) supply of some maintenance medication for a two month copay!

The State Plan pays less for many medications when a 90-day supply is filled at an in-network retailer or preferred mail order pharmacy. We pass those savings on to you by reducing your copay.

Preferred 90-Day Supply Options

- Most in-network retail pharmacies (refer to network directory)
- Costco (You do NOT need to be a Costco member) (800) 607-6861 www.pharmacy.costco.com
- MiRx (866) 894-1496 www.mirxpharmacy.com
- Ridgeway (800) 630-3214 www.ridgewayrx.com

Specialty Pharmacy

Lumicera is the State Plan’s preferred pharmacy to handle specialty medications (drugs that require special administration). Using a pharmacy other than Lumicera for specialty medications could cost significantly more and does not accumulate toward your prescription annual Max Out-of-Pocket.

Basic Life Insurance
Core benefit for non-Medicare eligible Retirees only.
$1.90/month=$14,000 of term-life coverage

Basic Life provides $14,000 of term-life coverage. It is available to non-Medicare Retirees under age 65 who elect to continue State Plan coverage into retirement.

The life insurance plan is term life, meaning it provides inexpensive protection but does not earn cash value.

Portability and conversion coverage may be available if requested when coverage ends. See page 7 for additional information.

The Basic Life Insurance benefit may not provide enough life insurance coverage at retirement. Choosing other life insurance is important if you want post-employment protection at a higher amount.

For complete details about the Basic life plan, refer to the life plan Summary Plan Document (SPD) at www.benefits.mt.gov.

DISCLAIMER
The Patient Protection and Affordable Care Act (PPACA) was enacted on March 23, 2010. The United States Departments of Health and Human Services, Labor, and Treasury have issued regulations to help entities comply with PPACA. However, additional clarifications to address issues that may arise under these regulations could also be published by the Departments on an on-going manner through administrative guidance possibly in another form than a regulation. Where the statutes or regulations were not clear regarding benefits, the State of Montana made a reasonable interpretation of the act and made a good faith effort to comply with the statutes and regulations. Benefit Term Decoder

The following explanations are to help you understand the terms in this book and do not replace the definitions found in the Wrap Plan Document. The definitions in the Wrap Plan Document govern the rights and obligations of the State Plan and Plan Members.

Balance Billing - The amount over the State Plan’s allowable charge that may be billed to the member by a non-participating provider.

Benefit Payment/Contribution - What you pay each month for your State Plan coverage.

Benefit Percentage - The percent the State Plan pays after you meet your deductible.

Copay - A copay is a fixed dollar amount you pay for a covered service. The State Plan pays the rest of the fair amount billed for a service.

Deductible - A deductible is how much you must pay each Plan Year before the State Plan starts to pay.

Grandfather Month - If you were hired before August 1, 1998 and have had no lapse in service, you are entitled to one extra month of State Share and benefits coverage upon retiring or leaving State employment.

Maximum Out-of-Pocket - The maximum out-of-pocket is the most you will have to pay for covered services in a Plan Year. See page 20 and 22 for details.

Non-Participating Providers - Non-participating providers and facilities have chosen not to sign a contract with Allegiance in Montana or Cigna outside of Montana. If you use a non-participating facility or provider, the State Plan will pay a fair rate for your care, but the non-participating provider may balance bill you for more. You are responsible for any balance bills you receive.
**Open Enrollment Period** - A period each fall in which you have the opportunity to make changes to your State Plan options for the following Plan Year. These changes take effect January 1 of the following year.

**Participating Provider** - Participating providers and facilities have contracted with Allegiance in Montana and Cigna outside of Montana to accept a low, fair rate (the PBME) for your care.

**Plan Member** - Anyone covered on the State Plan including Employees, Legislators, Retirees, COBRA participants, and eligible spouse/domestic partner and/or child(ren).

**Plan Year** - The Plan year starts January 1 and ends December 31 each year.

**Pre-Admission Certification Review** - Calling Allegiance so they can determine if an inpatient hospital stay meets the criteria to be covered by the State Plan. It's important to get this approval for non-emergency hospital stays ahead of time and within 72 after a non-planned admission.

**Pre-Treatment Review** - Calling Allegiance before you have a medical service to make sure it meets “medically necessary” criteria. This is not a guarantee of payment.

**Procedure Based Maximum Expense (PBME)** - The fair amount the State Plan will pay for a service.

**Special Enrollment Period** - A period of time during which an eligible person may request coverage under the State Plan as a result of certain events that create special enrollment rights.

**Specialty Drugs** - Specialty drugs usually require special handling, administration, unique inventory management, a high level of patient monitoring and more intense support than conventional therapies. They could include all routes of administration (self-injectable, oral, or infused). They are typically very expensive.

**State Plan** - The self-funded State of Montana Benefit Plan.
