Dear State of Montana Benefit Plan (State Plan) Members,

I’m pleased to announce that due to our innovative work managing healthcare and controlling State Plan spending, monthly out-of-pocket contributions required for State Plan coverage will not increase in 2018.

Additionally, the State Plan has been able to minimize benefit changes for 2018, resulting in no change to member deductibles, benefit percentages, office visit/urgent care co-payments, or out-of-pocket maximums.

I want to personally thank you as a member of our self-funded plan for the work you’re doing to stay educated as a healthcare consumer—from getting your health screening done early and saving money with the Live Life Well Incentive Program, to choosing Montana Health Centers for primary care (under 65), and shopping around for the best cost and quality for your medical needs.

The effort you put into managing your health and your health-related expenses results in State Plan savings and allows the State Plan to offer continued benefits with minimal increases to member contributions or cost-sharing.

I am committed to ensuring our State Plan is run as effectively and efficiently as possible while providing quality care and services to all plan members.

Please review the Open Enrollment Booklet and contact the Health Care & Benefits Division at (800) 287-8266, (406) 444-7462, TTY (406) 444-1421, or via email benefitsquestions@mt.gov with questions.

John Lewis, Director
Department of Administration

#### Basic Life Insurance
Non-Medicare (Under-65) Retirees must also pay $1.90/month for Basic Life Insurance Coverage.
APPLIED BEHAVIOR ANALYSIS (ABA) TREATMENT
The State of Montana has adopted a licensing process for ABA therapists. Effective 04/01/18, the State Plan will only pay ABA claims submitted by a licensed ABA therapist.

CHOLESTEROL MEDICATION (STATINS)
Effective 01/01/18, the Affordable Care Act (ACA) requires cholesterol medicines like Lipitor or similar equivalents to be covered as preventative treatment at no member copay. The Navitus formulary will apply. Additional questions should be directed to Navitus.

DIABETIC TEST STRIPS
Effective 01/01/18 all diabetic test strips will apply a Tier 2 ($50) copay under the Navitus prescription drug program. The Navitus formulary will apply. Additional questions should be directed to Navitus.

NON-AMBULANCE TRAVEL BENEFIT
The non-ambulance travel benefit was added to the State Plan effective 07/01/16 as a way to assist members who may need to travel to a non-participating facility (hospital) for services. Effective 01/01/18, the non-ambulance travel benefit is being removed from the State Plan due to the fact all facilities (hospitals) within the State of Montana are participating with the State Plan.

SPECIALTY DRUG COMPANY
Effective 01/01/18, the Tier 4 ($200) copay for specialty drugs filled at a Preferred Specialty Pharmacy will be $50 vs. $200 for Retirees over age 65 and enrolled on the Navitus MedicareRx (PDP) Prescription Drug Plan. All other Retirees will continue to have a Tier 4 ($200) copay applied and will have access to manufacturer couponing programs.

For complete details about State Plan coverage, refer to the Wrap Plan Document (WPD) at www.benefits.mt.gov or by request at (800) 287-8266, TTY (406) 444-1421 or benefitsquestions@mt.gov.
AIR AMBULANCE TRANSPORTATION
The Montana Legislature passed Senate Bill 44 which pertains to emergent flights provided by non-participating air ambulance transport companies not controlled by a Montana hospital. Emergency care for SB 44 means care that is necessary to stabilize a patient for transfer to another hospital or medical unit within a hospital. Transferring a patient between hospitals on a fixed wing flight would not typically be considered “emergent” care under SB 44. The bill requires the State Plan to make payment based on billed charges, a negotiated amount, or the participating provider contracted amount. If either party (State Plan or air transport company) does not like the required payment amount, either party can take the other party to dispute resolution. The State Plan pays any emergent transport at 250% Medicare (participating provider amount). In this case a member is held harmless except for their deductible, etc. In the event a member receives a non-emergent transport by a non-participating air ambulance transport company, the member may still be balance billed. Contact Allegiance (855) 999-1057 with any questions about air ambulance transportation coverage or participating air transport companies.

MEDICARE ENROLLMENT
As of January 1, 2017, if a Retiree or a Retiree’s spouse/domestic partner/child become Medicare eligible, the Retiree or the Retiree’s spouse/domestic partner/child must enroll in both Medicare Part A and Medicare Part B as of the first of the month of eligibility. Proof of Medicare enrollment will be required by HCBD. Enrollment in any Medicare Part D (drug plan), besides the Navitus Medicare Rx Prescription Drug Plan (PDP), is not permitted and would result in termination of all State Plan benefits.

OPTION TO TERMINATE BENEFITS - RETREAT RIGHTS
You may find it beneficial to consider switching from the State Plan to another health insurance plan available on the Health Insurance Marketplace (under 65) or a Medicare Supplement or Advantage Plan (over 65). You will need to be aware that as of January 1, 2017, the State Plan eliminated Retreat Rights, so if you elect to terminate your State Plan coverage you will not have an opportunity to re-enroll.

RETAIL PHARMACY FILL - REMINDER
Did you know you can now get up to a 90 day supply of medication from your retail pharmacy for two copays? This same benefit is available to you when utilizing the State Plan Mail Order Pharmacies: COSTCO Mail Order Pharmacy, MiRx Mail Order Pharmacy, or Ridgeway Mail Order Pharmacy. Contact Navitus for additional details.

SURVIVOR BENEFITS
Please be aware, surviving spouses and dependent children of retirees that pass away may only remain covered by the State Plan until the spouse or dependent is eligible for Medicare or another group health plan.
