Dear State of Montana Benefit Plan (State Plan) Legislator,

The State of Montana has implemented many practical and innovative solutions to continue to provide and expand access to quality and affordable healthcare. Many of these strategies were also successful in allowing the State Plan to control cost, better manage the plan, and improve health outcomes for members.

In 2016, Transparent Pricing, also known as Reference Based Pricing, was implemented and allowed us to control the cost of health care while maintaining quality, predictability, and fairness. We called this new way of reimbursing providers “Transparent Pricing,” but it really was the introduction of what many in the healthcare industry call Value Based Care. Value Based Care is part of the transformation taking place in healthcare communities to help rein in costs. By implementing this, we helped reduce the unexplained variation in pricing for the same services across the different facilities in Montana.

In 2017, Navitus became the State Plan’s Pharmacy Benefit Manager. Navitus allows for a full pass-through transparent pricing model that ensures the State Plan receives all rebates and reimburses pharmacies for the exact amount paid by the State Plan.

The combination of all cost-saving actions implemented have allowed the State Plan to minimize the financial impact to State Plan members over the past few years, as well as again this year. We are pleased to announce that Legislator, and Employer, contributions will not increase in 2019. Additionally, benefit changes were minimized for 2019, resulting in no change to member deductibles, benefit percentages, office visit/urgent care co-payments, or out-of-pocket maximums.

During 2019, the Department will continue its efforts to control costs and manage the State Plan. We will continue working with Montana hospitals and other partners to address the rising costs of health care.

The Health Care & Benefits Division will be implementing a new benefits administration and enrollment system through a partnership with Businessolver. The Open Enrollment Booklet contains important information about the new system and the State Plan for 2019, review carefully and contact HCBD at (800) 287-8266, (406) 444-7462, TTY (406) 444-1421, or email benefitsquestions@mt.gov with questions.

Yours in good health,

John Lewis, Director
Department of Administration
