# NAVITUS MEDICARERX (PDP) LIST OF COVERED DRUGS COMPREHENSIVE FORMULARY 2017 State of Montana

---

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

---

This formulary was updated on 10/17/2016. For more recent information or other questions, please contact Navitus MedicareRx Customer Care at 1-866-270-3877 or, for TTY users, 711, available 24 hours a day, 7 days a week (except Thanksgiving and Christmas), or visit the member portal at <https://medicareRx.navitus.com>.

When this drug list (formulary) refers to “we,” “us,” or “our,” “plan,” or “our plan,” it means Navitus MedicareRx (PDP).

This document includes a list of the drugs (formulary) for our plan which is current as of 10/17/2016. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2018, and from time to time during the year.

---

This plan, Navitus MedicareRx (PDP), is offered by Navitus Health Solutions and underwritten by Dean Health Insurance, Inc., a Federally-Qualified Medicare Contracting Prescription Drug Plan.

---

## **What is the Navitus MedicareRx (PDP) Formulary?**

A formulary is a list of covered drugs selected by Navitus MedicareRx in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Navitus MedicareRx will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Navitus MedicareRx network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary (drug list) change?**

Generally, we will not discontinue or reduce coverage of a drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 10/17/2016. To get updated information about the drugs covered by Navitus MedicareRx, please contact us. Our contact information appears on the front and back cover pages.

In the event of CMS-approved non-maintenance changes to the formulary throughout the plan year, Navitus MedicareRx (PDP) may make changes via errata sheets and through the Explanation of Benefits (EOB) mailed to you monthly. Additionally, you may visit our website at <https://medicarerx.navitus.com> for a link to the errata sheet.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 7. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins page 7. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 94. The Index provides an alphabetical list of all of the drugs included in this document. Both

brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Navitus MedicareRx covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Navitus MedicareRx requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Navitus MedicareRx before you fill your prescriptions. If you don't get approval, Navitus MedicareRx may not cover the drug.
- **Quantity Limits:** For certain drugs, Navitus MedicareRx limits the amount of the drug that Navitus MedicareRx will cover. For example, Navitus MedicareRx provides 18 tablets per prescription for Imitrex Tabs. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Navitus MedicareRx requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Navitus MedicareRx may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Navitus MedicareRx will then cover Drug B.
- **Prior Authorization Restriction for New Starts Only (PA NSO):** If you are a new member, you (or your physician) are required to get prior authorization from Navitus Medicare Rx (PDP) before you fill your prescription for this drug. Without prior approval, Navitus Medicare Rx (PDP) may not cover this drug.
- **Prior Authorization Restriction for Part B vs Part D Determination (PA BvD):** This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from Navitus Medicare Rx (PDP) to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, Navitus Medicare Rx (PDP) may not cover this drug.
- **Non-Mail-Order Drug (NM):** Drugs that are not available for an extended supply (greater than 34 day supply) through retail or Mail Order are noted with "NM" in the notes column of your Formulary.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 7. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on-line documents that explain our prior authorization and step

therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Navitus MedicareRx to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Navitus MedicareRx formulary?” below for information about how to request an exception.

### **What are over-the counter (OTC) drugs?**

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Navitus MedicareRx pays for certain OTC drugs. The cost to Navitus MedicareRx of these OTC drugs will not count toward your total Part D drug costs (that is, the amount you pay does not count for the coverage gap).

### **What if my drug is not on the Formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Care and ask if your drug is covered.

If you learn that Navitus MedicareRx does not cover your drug, you have two options:

- You can ask Customer Care for a list of similar drugs that are covered by Navitus MedicareRx. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Navitus MedicareRx.
- You can ask Navitus MedicareRx to make an exception and cover your drug. See below for information about how to request an exception.

### **How do I request an exception to the Navitus MedicareRx Formulary?**

You can ask Navitus MedicareRx to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing tier, and you would not be able to ask us to provide the drug at a lower cost-sharing tier.
- You can ask us to cover a formulary drug at a lower cost-sharing tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Navitus MedicareRx limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Navitus MedicareRx will only approve your request for an exception if the alternative drugs included on the plan’s formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, copay lowering, or utilization restriction exception. **When you request a formulary exception, copay lowering, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 34-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 34-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with up to a 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

## **Level of Care Changes**

Navitus' level of care transition process accounts for unplanned changes for members. In some instances, these changes may result in the prescribed drug regimen(s) not being available on our formulary. These instances usually occur when a member moves from one treatment setting to another. This could include members who:

- Enter long-term care (LTC) facilities with a discharge list of medications from the hospital with very short-term planning taken into account (e.g., less than 8 hours)
- Are discharged from a hospital to a home with very short-term planning taken into account
- End their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to go back to their Part D plan formulary
- Give up hospice status to revert to standard Medicare Part A and Part B benefits
- End an LTC facility stay and return to their home
- Are discharged from psychiatric hospitals with drug regimens that are highly tailored to them.

These changes often result in members and/or prescribers using Navitus' exceptions and/or appeals processes. For these types of changes, we will make coverage determinations and re-determinations as quickly as the member's health requires.

Navitus ensures proper medication continuance for members upon discharge from an LTC facility or other facilities to ensure an effective transition of care. This may include:

- A refill upon entrance to, or discharge from, an LTC facility. The current standard of care promotes caregivers receiving outpatient Part D prescriptions before discharge from a Part A stay. Members, through no fault of their own, may not have access to the balance of their prescription.
- Navitus allows the member to access a refill upon entrance to, or discharge from, an LTC facility.

To process these transition refills, the pharmacy may need to call Navitus MedicareRx Customer Care (phone numbers are on the back cover of this booklet). Navitus MedicareRx Customer Care can help the pharmacy process an override.

## **For more information**

For more detailed information about your Navitus MedicareRx prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Navitus MedicareRx, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

## **Navitus MedicareRx Formulary**

The formulary that begins on page 7 provides coverage information about the drugs covered by Navitus MedicareRx. If you have trouble finding your drug in the list, turn to the Index that begins on page 94.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., PROZAC) and generic drugs are listed in lower-case italics (e.g., *fluoxetine*).

The second column of the chart lists the Drug Tier. You can reference the Summary of Benefits booklet or Chapter 4 (Section 5.2) in the Evidence of Coverage booklet to learn what your copay or coinsurance will be.

- Tier 1 includes preferred generics and some lower cost brand products
- Tier 2 includes preferred brand products and some high cost non-preferred generics
- Tier 3 includes non-preferred products (may include some high cost non-preferred generics)
- Tier 4 includes specialty drugs
- Tier \$0 includes certain preventative medications

If you are taking a Tier 3 covered brand name drug that has a covered generic equivalent available, in addition to your brand coinsurance, you will be responsible for the difference between the brand drug cost and the generic equivalent drug cost. See examples on the next page.

- Example 1: If a Tier 3 brand name drug is \$550, and the available generic equivalent cost is \$520, you would pay your coinsurance (Tier 3 brand 50% coinsurance) *plus* the difference between the cost of the brand drug and generic drug.

- $\$550 \times 50\% = \$275$  (Tier 3 Coinsurance)  
 $\$550 - \$520 = \$30$  (Difference between Brand cost and Generic cost)  
 Final Cost = \$305 (\$275 + \$30)

- Example 2: If your Tier 3 brand coinsurance *plus* the difference in cost between a Tier 3 brand name drug and the available generic equivalent is higher than the cost of the brand drug, you will only be responsible for the cost of the brand drug. For example, if a Tier 3 brand name drug is \$250, and the available generic equivalent is \$50, you would not be responsible for more than the cost of the brand name drug.

- $\$250 \times 50\% = \$125$  (Tier 3 Coinsurance)  
 $\$250 - \$50 = \$200$  (Difference between Brand cost and Generic cost)  
 $\$125 + \$200 = \$325$  (Coinsurance plus Difference)  
 Final cost = \$250 (You will not pay more than the cost of the brand name drug)

Please contact Customer Care if you have questions or unsure if your covered brand name drug has a covered generic equivalent available.

The information in the Requirements/Limits column tells you if Navitus MedicareRx has any special requirements for coverage of your drug.

- The symbol **PA** in the Notes column indicates that prior authorization may apply.
- The symbol **PA BvD** in the Notes column indicates that prior authorization may apply for medications that could be eligible for payment under either Medicare Part B or Part D.
- The symbol **PA NSO** in the Notes column indicates that prior authorization may apply on certain medications for new members of the plan.
- The symbol **QL** in the Notes column indicates that quantities dispensed may be limited.
- The symbol **ST** in the Notes column indicates that step therapy may apply.
- The symbol **NM** in the Notes column indicates that the drug is not available via your mail-order benefit.
- The symbols **LSP** & **SP** in the Notes column indicate that the drug is a specialty product and qualifies for a lower rate when filled through the Preferred Specialty Pharmacy (more detail can be found in Chapter 4, Section 5.2 of your Evidence of Coverage booklet).

The \* symbol after the tier indicates that the drug is covered by the plan's supplemental wrap coverage only. Payments for these drugs do not count toward your Medicare Part D "out-of-pocket costs" or your "total drug costs" because they are for drugs that are not generally covered by Medicare. In addition, if you are receiving extra help to pay for your prescriptions through a program like Low Income Subsidy (LIS), you will not get any extra help to pay for this drug.

## Language Assistance – General Taglines

*State of Montana is required by federal law to provide the following information.*

**ATENCIÓN:** si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Llame al 1-866-270-3877 (TTY: 711).

**ACHTUNG:** Wenn Sie Deutsch sprechen, stehen Ihnen kostenlos sprachliche Hilfsdienstleistungen zur Verfügung. Rufnummer: 1-866-270-3877 (TTY: 711).

**注意：**如果您使用繁體中文，您可以免費獲得語言援助服務。請致電1-866-270-3877（TTY：711）。

**注意事項：**日本語を話される場合、無料の言語支援をご利用いただけます。1-866-270-3877 (TTY:711) まで、お電話にてご連絡ください。

**PAUNAWA:** Kung nagsasalita ka ng Tagalog, maaari kang gumamit ng mga serbisyo ng tulong sa wika nang walang bayad. Tumawag sa 1-866-270-3877 (TTY: 711).

**ATTENTION :** Si vous parlez français, des services d'aide linguistique vous sont proposés gratuitement. Appelez le 1-866-270-3877 (ATS : 711).

**ВНИМАНИЕ:** Если вы говорите на русском языке, то вам доступны бесплатные услуги перевода. Звоните 1-866-270-3877 (телетайп: 711).

**주의:** 한국어를 사용하시는 경우, 언어 지원 서비스를 무료로 이용하실 수 있습니다. 1-866-270-3877 (TTY: 711)번으로 전화해 주십시오.

ملحوظة: إذا كنت تتحدث اذكر اللغة، فإن خدمات المساعدة اللغوية تتوافر لك بالمجان. اتصل برقم 1-866-270-3877 (رقم هاتف الصم والبكم: 117).

เรียน: ถ้าคุณพูดภาษาไทยคุณสามารถใช้บริการช่วยเหลือทางภาษาได้ฟรี โทร1-866-270-3877 (TTY: 711).

**MERK:** Hvis du snakker norsk, er gratis språkassistenttjenester tilgjengelige for deg. Ring 1-866-270-3877 (TTY: 711).

**CHÚ Ý:** Nếu bạn nói Tiếng Việt, có các dịch vụ hỗ trợ ngôn ngữ miễn phí dành cho bạn. Gọi số 1-866-270-3877 (TTY: 711).

**УВАГА!** Якщо ви розмовляєте українською мовою, ви можете звернутися до безкоштовної служби мовної підтримки. Телефонуйте за номером 1-866-270-3877 (телетайп: 711).

**Wann du [Deutsch (Pennsylvania German / Dutch)] schwetzscht, kannscht du mitaus Koschte ebber gricke, ass dihr helft mit die englisch Schprouch. Ruf selli Nummer uff: Call 1-866-270-3877 (TTY: 711).**

**ATTENZIONE:** In caso la lingua parlata sia l'italiano, sono disponibili servizi di assistenza linguistica gratuiti. Chiamare il numero 1-866-270-3877 (TTY: 711).

**Non-Discrimination Statement:** State of Montana complies with applicable Federal civil rights laws, state and local laws, rules, policies and executive orders and does not discriminate on the basis of race, color, sex, pregnancy, childbirth or medical conditions related to pregnancy or childbirth, political or religious affiliation or ideas, culture, creed, social origin or condition, genetic information, sexual orientation, gender identity or expression, national origin, ancestry, age, disability, military service or veteran status or marital status. State of Montana does not exclude people or treat them differently because of race, color, sex, pregnancy, childbirth or medical conditions related to pregnancy or childbirth, political or religious affiliation or ideas, culture, creed, social origin or condition, genetic information, sexual orientation, gender identity or expression, national origin, ancestry, age, disability, military service or veteran status or marital status. State of Montana provides free aids and services to people with disabilities to communicate effectively with us, such as: qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, other formats). State of Montana provides free language services to people whose primary language is not English such as: qualified interpreters and information written in other languages. If you need these services, contact the Customer Care Center at 866-270-3877. If you believe that State of Montana has failed to provide these services or discriminated in another way on the basis of race, color, sex, pregnancy, childbirth or medical conditions related to pregnancy or childbirth, political or religious affiliation or ideas, culture, creed, social origin or condition, genetic information, sexual orientation, gender identity or expression, national origin, ancestry, age, disability, military service or veteran status or marital status you can file a grievance. If you need help filing a grievance, John Pavao, State Diversity Coordinator, is available to help you. You can file a grievance in person or by mail, fax, or email:

John Pavao  
State Diversity Program Coordinator  
Department of Administration  
State Human Resources Division  
125 N. Roberts  
P.O. Box 200127  
Helena, MT 59620  
Phone: (406) 444-3984
