

January 11, 2018
Montana Health Center Flu Shots - Available until January 31, 2018

Dear State Plan Member:

Do you still need a flu shot? If you'd like to get one at a Montana Health Center, please be aware quantities are limited and are only guaranteed to be available until January 31, 2018! If you decide to get a flu shot after January 31, but before the next flu shot season, appointments will only be available while supplies last.

To schedule a flu shot appointment you must call the Montana Health Center directly at (855) 200-6822 - online appointments are no longer available for flu shots.

For those members who are unable to receive services at a Montana Health Center, you have other flu vaccination options. For more information, visit <http://benefits.mt.gov/Medical/Flu-Shots>. If you have questions about additional vaccinations available at the Montana Health Centers, you can find additional information at <http://healthcenter.mt.gov/Vaccinations>.
