Additional Testing Resources

Navitus recognizes that with the increased demand, there will likely be shortages of test kits. They are unable to monitor availability or provide a list of pharmacies where tests are in stock. Other options to obtain a COVID-19 test:

- **Montana Health Centers**
 - Call (855) 200-6822 to make an appointment with a Montana Health Center provider or schedule a telehealth appointment with Nation Virtual Health at mypresmisehealth.com.
 - All tests must be ordered by a provider. If you do not have a provider order, you must schedule a provider visit and see a provider before being tested.

The State Plan partnered with its prescription vendor, Navitus Pharmacy, to provide COVID-19 test reimbursement to State Plan members.

Contact Navitus Pharmacy at (866) 333-2757 or navitus.com for further assistance.

COVID-19 vaccines & flu shots are still available at Montana Health Centers.
