

## Make Sure Your Medications Actually Help You

### Have medication questions? We've got answers!

Whether you have a quick medication question or are in need of more comprehensive assistance, we're here to help.

Our Medication Therapy Management program can connect you with a pharmacist dedicated to helping you with medication issues such as:

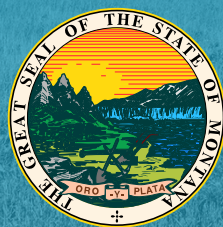

- ✓ Medication side effects
- ✓ Drug interactions
- ✓ Cost assessment (including suggesting cost-saving alternatives or manufacturer copay assistance programs)
- ✓ Comprehensive medication review (for those in need of complex or in-depth assistance)
- ✓ Any other medication-related question or issue

This service is available at no cost to any State Plan Member, with or without referral from another healthcare provider.
